**SAR 2024**

**ANNUAL MEETING**

**APRIL 14-19**

Diplomat Hotel  
Hollywood, Florida

## INVITATION

Dear Industry Colleagues,

On behalf of the SAR Leadership, it is my pleasure to invite your support and participation in the Annual Meeting of the Society of Abdominal Radiology. This meeting will take place April 14-19, 2024 at the Diplomat Hotel in Hollywood, Florida.

The Society of Abdominal Radiology (SAR) is the result of the merger of the Society of Gastrointestinal Radiologists (SGR) and the Society of Uroradiology (SUR) in 2013. The new society is one of the largest abdominal radiology societies in the world with over 1,450 members including a strong international contingent. Among the members are world recognized thought leaders who are at the forefront of research and innovation. Further, the membership includes many key decision makers including department chairs and executive members of RSNA, ARRS and the American Board of Radiology.

The annual meeting offers clinical instruction, comprehensive cutting-edge scientific sessions, new technologies, and up-to-date information on imaging and intervention of abdominal and pelvic diseases. As always, this meeting will attract many nationally renowned experts and subspecialty academic radiologists in the fields of GU and GI radiology. In addition, many general practicing radiologists from across the country attend the course to further their education in these fields.

Industry partners and technical exhibits continue to be an essential part of our meeting's success. Our table top exhibit package will allow you to build brand awareness, provide product education and make valuable new connections. The SAR will continue to offer a complimentary virtual component to all industry partners, extending your reach to our global audience.

Thank you for your consideration of our request for participation, we look forward to receiving your commitment. If you have any questions, please contact Ryan O'Sullivan, [Ryan@veritasamc.com](mailto:Ryan@veritasamc.com) or 847-584-3938.

Kind Regards,

Ryan O'Sullivan  
Director, Industry Relations
